707-480-8752 | Santa Rosa, CA

Front End **Developer**

Front end web developer who enjoys solving problems using code and delivering beautiful products that amaze my clients. I have always prioritized efficiency not only in my code but also my work in general. I have found scripting solutions for previous employers that saved dozens of man-hours per month. I am fascinated by AI, machine learning, and automation.

Core **Qualifications**

- ➤ WordPress Expert
- ➤ Responsive Design, Bootstrap
- ➤ Proficient in HTML5 and CSS3 (Sass)
- ➤ Fluent in JavaScript (OOP), jQuery
- ➤ Intermediate PHP, Ruby/Rails, Python

- ➤ Git (CLI & GUI), Grunt
- ➤ Well experienced with LAMP stack
- ➤ Basic knowledge of MySQL, relational databases, API integrations, REST
- ➤ Learning NodeJS, Angular, React, Django

Technical **Skills**

Languages:	Python, JavaScript, PHP, Ruby, HTML5, CSS3
Frameworks:	Flask, Rails, Angular, Express, WordPress
Libraries	Bootstrap, jQuery, Normalize
Databases:	SQL, MongoDB, Relational Databases
Server-side:	NodeJS, HTTP, Apache, SSH, DNS, DHCP, FTP, DevOps, CLI, LAMP, AWS, Heroku
Operating Systems:	Windows, Linux (Ubuntu), Mac OS, VM
Other Tech:	Regex, Git, Sass/Scss, HAML, ERB, EJS, Jetbrains, Adobe Creative Suite

Professional **Experience**

Front-End Web Developer   01/2016 to Current

Self Employed   Santa Rosa, CA

Worked with several agencies as an independent contractor building custom WordPress sites using responsive design. I also created web applications using Python, JavaScript, and various frameworks thereof.

Senior Web Developer   01/2015 to 01/2016

OptiRev, LLC   Santa Rosa, CA

Created project timelines, developed workflows, trained developers, managed small team, developed custom responsive WordPress templates, developed WordPress plugins, and helped develop businesses in the hospitality and winery industries.

SEO / Web Developer   02/2012 to 02/2015

PBHS   Santa Rosa, CA

Developed websites and custom SEO campaigns for clients in the dental industry. Created custom JavaScript scripting solutions to save up to 40 man-hours per month to my department.
